CABLE TV RATES TO INCREASE

The City of Barnesville continues to be committed to providing our customers with the best TV programming at a reasonable cost and we have every effort to minimize costs. However, programming, our most expensive cost, has gone up more than 45 percent in the last three years! While the option to not renew some contracts was considered, most were key channels that are very popular with our customers.

As a result of these increases, the City of Barnesville must adjust pricing to our customers.

Effective with the bill which you receive in April 2013, the Preferred Basic Cable service will increase by \$7 per month.

The City will not see any increased profits from this rate increase. This is only a pass through of recent programming costs.

To offset the increase, the City has increased the combo savings when you have our long distance and internet services. See next column.

FCC RULES REQUIRE TELEPHONE CUSTOMERS TO HAVE A PASSWORD - SEE BACK OF PAGE.
