As a potential customer of the City of Barnesville, you are being asked to provide information about yourself that will be used for billing and credit reference purposes. The information to be exchanged will be treated as private as governed by Minnesota Statutes, Section 13.01 through 13.90 and the Privacy Act of 1974.

This information will also be used for collection purposes in case of nonpayment of your telephone bill. The specific use for each category of data is described below:

- 1) Name and address requested so that the bill is sent correctly and the telephone directory lists accurate information;
- 2) Telephone number to contact you about any problems or information on service and to list in the telephone directory as requested;
- 3) Social security number is needed to send unpaid bills to a collection agency;
- 4) Place of employment is requested so we may obtain credit information and for emergency notification;
- 5) Financial information is needed to obtain credit information; and
- 6) Options for telephone service are requested to connect your telephone service and bill the correct amounts for the options you have requested.

This data will be used solely for the above mentioned purposes. The data will be forwarded to the appropriate city staff, telephone companies, and/or collection agencies when work assignments reasonably require access to the information.

You are not legally required to provide the requested information. However, if you do not provide this information we will refuse to provide telephone services.

The undersigned hereby acknowledges that they have requested the City of Barnesville to provide them with telephone services and that they own the property or have secured the approval of the owner for the installation of the requested services. They further agree to be responsible for all charges incurred with the City, including interest and/or penalties, and that they understand that the city will not necessarily notify them of any delinquencies. They agree to pay said account regardless of how dated the account is and absolve the city from continuing to provide services after a delinquency and/or after the normal cut-off date.

CALLER ID SPOOFING NOTICE

Caller ID service is currently susceptible to fraud known as Caller ID “spoofing”. The term Caller ID Spoofing refers to a practice whereby the calling party uses commonly available technology to falsify the number of the telephone line from which the call is made, the name of the calling party, or both as they appear on the called party’s Caller ID screen. This practice has the potential for fraud and harm to the called party.

To protect yourself, do not take what the Caller ID screen displays for granted. If what the caller is saying, does not seem legitimate, do not divulge personal information until you can verify the source, by hanging up and calling them back on a verified number (from a mailed statement or printed directory).

Currently, there is not a technological fix for this practice, but Congress is considering new legislation that will take action against these violators. If you would like more information on spoofing, visit www.fcc.gov and search on “spoofing”.
