How is it already July!?

It's hard to believe that July is already here. As you mark your calendars for this month, don't forget about Show 'n Shine next week on Thursday, July 13th and the Community Picnic on the 27th. If you are new to town or a long-time resident... if you enjoy gathering with friends and neighbors for some relaxation and visiting...if you like to meet new people, then don't miss the Community Picnic. This year's Evening at Blue Eagle Park Community Picnic is just the event for all of you! Residents are invited to gather and enjoy good food, company, and fun. It is an opportunity to sit and visit with your friends and neighbors. What a great opportunity to enjoy summer and make new friends or see some old ones as we celebrate Barnesville's hometown spirit!

Barnesville Business Spotlight

Every month, we will highlight at least one of our local businesses or organizations in town. We will shine a light on the products and services they offer and hopefully bring more awareness to our local residents of what we have available right here in town.

Country Classic Cabinets is your local custom cabinet manufacture, located right outside of town. They first started in their founder's parents' personal shop in 1987. As the years passed, they have grown from a mom & pop shop, giving them access to bigger, better, and faster manufacturing equipment. Even with their lightning-fast manufacturing time, they pride themselves on maintaining the same commitment to quality that got them going three decades ago.

You won't find any mass-produced pieces at Country Classic; everything, down to the individual doors, is made to the customers specifications and needs. Their vision stays with them throughout the entire process, from measuring the space to picking the wood to installation. They have perfected a three-step process to create cabinets that fit their customer's lifestyle, space, and taste to a T—or down to the 16th, as they say!
