Barnesville has been Busy!

Barnesville has been a busy place the last couple of weeks. It's been exciting to see both residents and visitors in our community at the recent Clay County Fair and the Community Picnic. Both events were very well attended! It's been great to have all of these opportunities to celebrate together, work together and play together as a community!

Show 'n Shine has also been happening throughout the summer, and will continue through August and September. Make sure you come on down to Front Street and join in on the fun. Then we will wrap up August with, of course, the annual Potato Days Festival. We will see everyone there!

Barnesville Business Spotlight

Every month, we will highlight at least one of our local businesses or organizations in town. We will shine a light on the products and services they offer and hopefully bring more awareness to our local residents of what we have available right here in town.

Thompson Greenery is family owned and operated since 1962. They are a complete garden center known for their beautiful hanging baskets, annuals, perennials, and hardy trees and shrubs.

For more than 60 years, Thompson Greenery has been proudly providing homeowners with a large selection of flowers, plants, trees and more to make their homes and gardens unique and beautiful!

Their location serves Barnesville, Fargo-Moorhead, and the lakes area. They are committed to offering only the finest plants backed by service that is friendly and prompt. Our customers are important and their staff is dedicated to making your experience a pleasant one. Thompson Greenery always go the extra mile to make your experience here memorable!
