Seasons are Changing!

As the seasons begin to change, some of us feel the itch to make a change as well. To move on to the next activity, event and project. Children are back in the fall school routines, student/athletes are into a regular practice schedule and parents are into a new routine. For many households, homeowners are thinking about the fall "to-do" list. Finish harvesting the gardens, winterize the house or cabin, clean up the yard or do some fall landscaping and get the carpets cleaned are just a few of the projects that may be on that list.

As you draft your list of projects and work on crossing the items off, don't forget to consider the businesses here in Barnesville that can help you – and in some cases do it for you! Lawn care, carpentry, furnace servicing, indoor or outdoor painting needs, and the do-it-yourself supplies like paint, varnish, tools and equipment are all right here locally. While we don't want to rush the fall season, it is a good idea to plan ahead and prepare for the colder months ahead. Don't wait to get these items scheduled with your local service provider or wait until the last minute to buy your repair items and get the job done.

Although I know that many of us don't want it to arrive anytime soon, we all know that it is imminent – winter will be here before we know it!

Barnesville Business Spotlight

Every month, we will highlight at least one of our local businesses or organizations in town. We will shine a light on the products and services they offer and hopefully bring more awareness to our local residents of what we have available right here in town.

K&M Tire is a family-owned regional tire distributor headquartered in the small Midwestern town of Delphos, OH.

K&M owns and operates 30+ distribution centers serving dealers in the Midwest, Central, Southwest and Northeastern regions, including Barnesville, MN.

They distributes 50+ brands of passenger, light truck, and medium truck tires and 12+ brands of agricultural, industrial, and specialty tires. K&M offers numerous associate dealer and marketing programs to tire retailers across the United States.

Because K&M does not own or operate any retail locations, nor do they sell directly online to consumers, they're able to offer a genuine partnership experience to their tire dealer customers.

Highway 9 Project is Nearing Completion

NOTE SOME IMPORTANT CHANGES!!

- There is a **NEW** Stop Sign when traveling south on Front Street at the corner of Main Avenue. This is a **PERMANENT** sign. Be sure to stop!
- When Main Avenue reopens this will become a 4 way stop!

There is still on-street parking on both sides of the street in the City Hall block. Vehicles should be parked behind the solid white line.

On-street parking is still allowed on the west side of the street to Assumption Church and beyond!
