Work Together, Succeed Together!

Last month, I went on a little vacation to Duluth, MN.

The city has a lot of things going for it, including the beautiful scenery and variety of shops and restaurants. While reading though the menu at the OMC Smokehouse, we also noticed the collaboration of businesses through the town. Not only did they list other shops and restaurants to check out, but they did not have any dessert on their menu.

Instead, it stated, **"Looking for something sweet? We believe that businesses willing to work together, make it together. Check out our friends across the street where you will find homemade ice cream at Love Creamery."** Although, our stomachs were full, what do you think we did after we left?

Barnesville Business Spotlight

Every month, we will highlight at least one of our local businesses or organizations in town. We will shine a light on the products and services they offer and hopefully bring more awareness to our local residents of what we have available right here in town.

Established in 1969, Dean's Bulk Service is a fuel, propane, and lubricants distributor with a complete product line. Dean Tonsfeldt first started with a two-year commitment to Amoco to drive a route around Comstock, MN. Since that time, Dean, his wife Mae, and their son Ryan have built Dean's Bulk Service to be the respected and quality business it is today.

Business has changed a lot. Not just the branding, Amoco, BP, Tesoro, ARCO, Chevron, but also the services they provide. At one point they were a barrel reconditioning plant for 55 and 30 gallon barrels. That part has phased out of Dean's Bulk, but propane has phased in to the company. They have also expanded warehouses and sales presence into Bismarck, ND and Brandon, SD.

For over 50 years, Dean's Bulk has provided quality products with safe, courteous drivers. Their vision for the future is 50 more years of the same service!
